	MISC. PARTS misc / misc			<u>ON BACK</u>

NOTES:

INVOICE #	<u>7818</u>
PAID	<input checked="" type="checkbox"/>
DUE	
DEPOSIT	SEE BACK SIDE

TERMS:

Thank you for your business. Our service guarantee covers your installation in the event that repair or service needs arise. It does not cover servicing by non-affiliated technicians, nor manufacturer defects. The coverage of ALL Warranties, including solar panels, inverters, and batteries is the sole responsibility of the respective manufacturer. Should any damage occur to your system by outside tampering, at Solar Bill's option, your service guarantee becomes null and void; therein releasing Solar Bill's Solar River & Marine LLC. from ANY and ALL liability whatsoever.

I hereby authorize the above work, along with the necessary materials, and grant you, your employees, and/or independent contractors permission to operate the vehicle for the purpose of testing and inspection. We will not be responsible for loss or damage caused by fire, theft, or any other causes beyond our control.

Installation Labor is charged separately @ \$85.00 per hour for Solar, \$85.00 Per Hour Inverters, and \$85.00 Per Hour Batteries. ALL PRODUCTS and/or parts must be paid in full before installation.

Installation is done by Independent Contractors who are not associated with Solar Bill and/or Solar River RV & Marine, LLC. An express mechanic's lien is hereby acknowledged on the vehicle to secure the amount of labor and/or equipment therein.

The CUSTOMER is responsible for the replacement cost of defective, damaged, or old parts/materials that the installer determines necessary for safe and proper operation. Estimates include labor only, material additional. Be sure to add water to your batteries as needed, use only distilled water.

Solar Bill, Solar River & Marine LLC, and/or Independent Contractors are NOT responsible for loss or damages. As RV's are mobile, customers are responsible to periodically check their systems for corrosion, water, dirt, loose screws, rubbing, and to provide proper ventilation for batteries.

DEPOSITS

This acknowledges our verbal and inspection agreement to charge a \$100.00 non-refundable deposit for installation of equipment which shall be applied to your bill as a credit upon completion of work. Instead of the \$100.00 will be offered if 24 hours notice is given of cancellation. This deposit is to secure your appearance as our schedule and availability is brought in specifically for your install, and we are unable to fill installation spots if you do not give us at least 24 hours notice.
